ZEPPELIN AIRSHIP 'OUTRIDES GALE

Machine in Air Eleven Hours—Flight Attended by Much Peril—Difficult Landing.

Munich, April 1.—The Zeppelin airship made an attempt today to fly from Friedrichshafen to this city and back. It encountered a storm, and was driven far out of its original course, and after eleven hours in the air landed safely at Dingolfing, sixty-five miles northeast of Munich.
Perilous Journey.
 Part of the journey was made under circumstances of peril. One of the motors refused to work and it was impossible for the airship to make headway against the wind, thus increasing steadily in violence. Helpless and drifting rapidly to leeward, the airship traveled for four hours

while Count Zeppelin and his men awaited an opportunity to make a safe landing. They were followed over the country by soldiers in swift automobiles and three squadrons of heavy cavalry.
 The troops were sent out to be ready to render assistance when a descent was attempted. The airship outdistanced them and they were not in at the finish.
111 Miles in Five Hours.
 The airship left Friedrichshafen early this morning and five hours later appeared in the air over the outskirts of Munich. The distance of 111 miles was covered in five hours.

MUSIC AND DRAMA.

An elaborate revival of "The Mascott" will be the spring attraction at Klaw & Erlanger's New Amsterdam theater, New York.

"The Round Up" is to be played by Raspey Holmes next season. He has been appearing in "The Man of the Hour."

Alla Nasmova has extended her road tour and will play in the cities on the Pacific coast.

"Little Nemo," Klaw & Erlanger's big musical comedy, has made a great hit in Chicago at the Colonial theater, repeating the success achieved in New York and Boston.

H. B. Irving has secured a new play by the Belgian playwright, George Eckhoud, called "Perkin Warbeck," which deals with the adventures of the pretender.

New York critics, together with dramatic reviewers in every city visited by "Mary Jane's Pa" company, are predicting a glorious future for a little Chicago actress named Gretchen

Hartman. Miss Gretchen plays Mary Jane to Henry E. Dixey's "Pa."

"A Stubborn Cinderella" is to be tried for a summer run in Boston. "A Broken Idol," another Chicago success, will also be seen there during the hot weather.

Robert Edson has long wanted to try his hand at Rome and it is said that he is soon to be given an opportunity at some special matinee.
 Mary Manning has the season's record for hard luck, just having scored her third failure. She will not try again this season, but is going to Europe to rest.

The Cleveland Hungarian society gave a reception to Rosemary Glaz while she was singing "The Merry Widow" in Mr. Rockefeller's town. Over 300 Magyar Americans attended to honor the winsome Hungarian girl who has won so much praise in Lenox Terrace's beautiful opera.

The twenty second triennial national song and musical festival of the Northwestern Federation of Singing societies, under the auspices of the United Singers of New York, will

be given in Madison Square Garden from June 19 to June 21, 1909. Among the features of this festival will be concerts by a male chorus of 6,000 voices and an orchestra of 100 pieces. A special feature will be the contest, open to the singing societies of the United States competing for the famous "Kaiser prize," a statue, donated to the United Singers by the Emperor William.

CAPTAIN DE CHAMBRUN.
 Great-Great-Grandson of Lafayette Makes Examination of Maxim Device.

Captain de Chambrun of the Artillery corps, military attaché of the French embassy in this country, and Baron de Bode, a colonel of infantry, the Russian military attaché, paid a visit to Hartford on Thursday by direction of their governments to witness tests of the Maxim device for silencing firearms. Count de Chambrun is a great-great-grandson of Lafayette and he expressed much interest in the Maxim device in East Hartford street while on the way to the range in Burrville. The count is the husband of Miss Longworth, sister of Nicholas Longworth, who married Miss Alice Roosevelt.

RING UNIDENTIFIED.
 Fine Stone Found in the New Haven Postoffice Fails to Bring Even an Inquiry.

A fine diamond ring, valued at \$100, reported in the office of the assistant postmaster at New Haven all day Wednesday without even being inquired about, and the postoffice authorities are at a loss as to its identity. The ring was found Tuesday night on the registry department counter of the postoffice by William J. Moran, who turned it over to the assistant postmaster.

Put This Stove in Your Kitchen

It is wonderfully convenient to do kitchen work on a stove that's ready at the instant wanted, and out of the way the moment you're done. Such a stove is the New Perfection Wick Blue Flame Oil Cook-Stove. By using it you avoid the continuous overpowering heat of a coal fire and cook with comfort, even in dog-days. The

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is so constructed that it does not add perceptibly to the heat of a room. It differs from all other oil stoves in its substantial CABINET TOP, with shelf for warming plates and keeping cooked food hot, and drop shelves for holding small cooking utensils. Has every convenience, even to bars for towels. Threesizes. With or without Cabinet Top. If not with your dealer, write our nearest agency.

Rayo Lamp is the ideal lamp for family use—safe, convenient, economical, and a great light giver. If not with your dealer, write our nearest agency.

The Way of the Transgressor is Lard

The wise housewife specifies *Cottolene* every time in place of lard. Anyone with a particle of respect for his stomach would prefer a pure vegetable product to one made from the fat of a hog. *Cottolene* is always pure; lard isn't. *Cottolene* will make more palatable food than lard, and food that any stomach can digest with ease. Lard is a friend of indigestion.

You can prove every word we say by buying and trying a pail of *Cottolene*. All good grocers sell it; all the great cooking authorities of America recommend it.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given *Cottolene* a fair test.

Never Sold in Bulk *Cottolene* is packed in pails with an airtight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

"Nature's Gift from the Sunny South"

STOMACH CENTER OF HUMAN LIFE---ALL ELSE SECONDARY

The success which has followed L. T. Cooper during the past year with his new preparation, Cooper's New Discovery, is unparalleled. Cooper has a novel theory. He believes that the human stomach is directly responsible for most disease. To quote his own words from an interview upon his arrival in an eastern city: "The average man or woman cannot be sick if the stomach is working properly. To be sure, there are diseases of a virulent nature, such as cancer, tuberculosis, diabetes, etc., which are organic and are not traceable to the stomach, but even fevers can, in nine cases out of ten, be traced to something taken into the stomach. All of this half-sick, nervous exhaustion that is now so common, is caused by stomachic conditions, and it is because my remedy will and does regulate the stomach that I am meeting with such success."

"To sum the matter up—a sound digestive apparatus that is doing its full duty, getting every particle of vitality out of all food by transferring it to the bowels in a perfectly digested state—this above all else brings health."

The following unsolicited endorsement comes from J. L. Turk, living at 915 Locust street, Vincennes, Ind. Mr. Turk is well known throughout the Ohio and Mississippi valleys. He is now sixty-eight years of age, and claims his general health is better than for some time past.

"For several years," says Mr. Turk, "I have suffered from stomach trouble. I was in a badly weakened and run-down condition. After eating I would bloat, and be in pain and distress for several hours. An all-gone feeling would come over me, and I had no energy nor ambition whatever. This condition continued for a long time, although I took treatment from several good physicians, and tried a number of patent remedies without relief."

"On reading of Mr. Cooper's theory I became convinced that he was right, and procured several bottles of his New Discovery preparation, in order to test his claims. It afforded prompt relief, and when I had taken three bottles, my trouble had disappeared and I was feeling like a different man. To make my restoration sure I took two more bottles of the New Discovery. It has now been several months since I stopped taking the Cooper medicine, and I have experienced no pain or distress in that time, although I eat anything I wish."

"The medicine also relieved me of chronic constipation and piles, the latter having bothered me for many years. Cooper's New Discovery is a wonderful preparation and I recommend it to any one suffering from stomach trouble."

Cooper's New Discovery is sold by all druggists everywhere. A sample bottle sent free upon request by addressing The Cooper Medicine Company, Dayton, Ohio.

"An ounce of prevention is worth a pound of cure"

is an old saying that has been handed down to us from our ancestors — and it proves true nine times out of every ten.

Be CAUTIOUS in selecting a seed store to purchase your Spring supplies, as it is a business that every one can NOT handle. If you buy your supplies of

J. P. Barstow & Co.

that's not only a "prevention," but it's a "cure" for any worrying as to the quality of the goods. Their seed is all Northern grown and is raised especially for them.
